This dog/puppy is sold for \$_____ as a pet companion with limited AKC registration and must be neutered/spayed by the time he/she is one year old. (this makes the dog/puppy ineligible for the conformation ring and breeding purposes) This dog/puppy is guaranteed to be in good health to the best of our knowledge at the time of sale. Inoculations at the time of sale are against:

Sire: _____

Dam: _____

Breed: **Standard Poodle** Sex: _____ Color: _____ DOB: _____

The Buyer/Owner has **THREE DAYS** in which to take said dog/puppy to a licensed veterinarian. If one of these days falls on a Sunday, the Buyer/Owner has one extra day to have the dog/puppy health checked. The Buyer/Owner is monetarily responsible for this exam and it is strongly recommended that he/she do this to honor this contract.

If the veterinarian finds anything seriously wrong (life threatening) with this animal, it will be exchanged for another dog/puppy of equal value or the purchase price refunded. A letter from examining veterinarian must be offered as evidence of animal's illness and the animal returned no later than **SEVEN DAYS** of PURCHASE DATE. Return arrangements and costs of this dog/puppy is the sole responsibility of the buyer/owner. There are no exceptions.

If the Buyer/Owner decides to keep this dog/puppy despite the veterinarian's findings, the Breeder will assume no responsibility for the medical/treatment costs. The Buyer/Owner will be fully responsible for all health care related costs. There will be **NO** replacement puppy offered or purchase price refunded after the above **SEVEN** days have elapsed.

In case of the death of this animal, within the above stated **THREE DAY** time period, an autopsy must be done by a Laboratory not a Veterinarian and the findings submitted to Seller before any consideration of an exchange or refund can be made. If there is no evidence of a veterinarian office visit or health check, within those **THREE DAYS**, this contract is void and broken by the Buyer/Owner.

This dog/puppy is guaranteed for a period of **ONE YEAR** from the date of purchase against Canine Hip Dysplasia and Progressive Retinal Atrophy. If CHD and/or PRA is diagnosed and confirmed and Breeder is contacted with written proof from a licensed veterinarian within this time period, a replacement dog/puppy of equal value will be given as soon as one is available should the Buy/Owner want one. Medical bills from these exams are the sole responsibility of the Buyer/Owner of said dog/puppy listed above.

Feel free to contact us with any questions during your pet's lifetime. *Please* keep in touch and offer updates/photos on your pet as this helps to keep us informed on our breeding program.
