The Buyer/Owner has three days in which to take puppy to a licensed veterinarian for a purchase exam. If one of the days falls on a Sunday, the Buyer/Owner has one extra day to make the exam. The Buyer/Owner is monetarily responsible for this exam and it is strongly recommended that it is done.

If the veterinarian finds anything seriously wrong(life threatening) with this puppy, it can be exchanged for another of equal value or a refund of the purchase price provided a letter from examining veterinarian is given as evidence of animal's condition. The puppy must be returned within SEVEN DAYS of Purchase date. Return arrangements and costs of return of this puppy is the sole responsibility of the Buyer/Owner. There are no exceptions! If the Buyer/Owner decides to keep the puppy despite the veterinarian's findings, the Breeder will assume no responsibility for the medical/treatment costs. The Buyer/Owner will be fully responsible for all health care related costs. If there is no evidence of a veterinarian health check by the Buyer/Owner, this contract is Void and broken. There will be no replacement puppy offered or purchase price refunded.

In case of the death of this animal within the above stated SEVEN DAY time period, an autopsy must be arranged for by the Buyer/Owner and carried out by a Laboratory, not attending veterinarian. The findings can then be submitted to Breeder before any consideration of an exchange or refund is made.

This puppy is guaranteed for two years from its birth date against any Genetic life threatening health issue that would deem it necessary to be put down or has died as the result of it. When Breeder is contacted with copy of results a replacement puppy of equal value will be offered as soon as one is available. Medical bills from these exams/certifications are the sole responsibility of the Buyer/Owner of puppy listed above.

Feel free to contact us with any questions during your pet's lifetime. Remember, puppies need proper socialization and puppy classes are highly recommended. Please keep in touch and offer updates/photos of your pet as this helps to keep us informed on our breeding program.
